Old Business

Approved the September minutes.

We ended the hybrid meetings to hold meetings either at the club house or via Zoom, but decided to resume the hybrid meetings for convenience.

ACS still needs a storage solution. If you have an idea for storage please forward it to one of the ACS officers.

We still need additional UAV (drone) pilots. Requires certification to officially operate a UAV for the county. Requirements can be found at:

https://www.faa.gov/uas/commercial_operators/become_a_drone_pilot

The 911 center construction is about to begin. When coax is run our coax will be run, too.

St Johns: Haven't heard from St Johns, last word is that St Johns is going to restore cables. We need to let St Johns know the radios are ready.

We need to resume ELT exercises for practice and to test the new sniffers.

New Business

Need to install the backup cameras in Comm Van (Ralph (N2RJR) has them).

NW repeater association: meeting needed for Ranier site. Need to come to an agreement with regard to the bill and who will be the bill collector.

For the Good of the Order

Connie (KB7AYY) discussed the Christmas party, which will be held Saturday, 12/10/22.

Adjourned: 1925

Respectfully submitted,
Jeff (KJ6ETR)
Secretary
